## ABOUT MALOUF™

At Malouf™ our goal is simple: to help people sleep better. We started in 2003 with high-quality sheets—and our standards haven't changed. Our founders Sam and Kacie Malouf have transformed a two-person operation into a company with over 2,500 individual products, including sleep systems, mattresses, adjustable bed bases, furniture, pillows, protectors, toppers, and of course, sheets. Our products are available online and in over 16,000 retail locations in the U.S. and 56 countries worldwide.

We deliver high-quality products that people can feel good about. As a Certified B Corporation™, we are concerned not only with profits, but also our impact on people and the planet.

**Malouf  
Foundation.**

Giving back is at the core of who we are. Every purchase of a Malouf™ product benefits the Malouf Foundation's fight against child sexual exploitation.

I have purchased many high end sheet sets, but this one WINS! My husband and I both felt the difference when we crawled in bed with our new sheets. Soft, cool, fit well, has good dimensions allowing adequate side coverage and tuck length. Highly recommend a set for your home too!

### ***CarbonCool LT™ Pillow***

“

My husband and I each got one. My husband used to use multiple pillows and always complained about them. He only uses this one now and he LOVES it. I love mine too. Its the best pillow I have ever had. I love the cooling feature. I sleep on my side and on my back and this pillow is perfect. They are long. Ours are queen size and they take up the entire queen size pillow case.

# UNMATCHED TECHNOLOGY

Our award-winning Malouf™ Base app allows people to control their adjustable bed base from the convenience of their smartphone. One of the app's most innovative and popular features is our snore detection technology. The Malouf™ Base app is designed to magically detect human snores and then automatically adjust a sleeper's position to help them breathe easier and sleep deeper. The app works with any Malouf™ adjustable base with Bluetooth® capability.
